Description

Luddington House is an elegant Grade II listed mansion, believed to date from 1660, converted in 2020 by specialist developer The Jaspar Group into luxurious homes. The central part of the mansion comprises six apartments & one three storey character townhouse whilst the two 'wings' contain three apartments to each side. No.12 is a superbly presented split-level two bedroom apartment located within the centrepiece main mansion building and is approached via the impressive marble tiled communal reception hall and wide turning staircase to 2nd floor level. The front of the apartment enjoys a delightful panoramic view over the manicured main square whilst to the rear the main bedroom overlooks the tree-lined rear lawn.

New build townhouses and cottages were also constructed within the grounds with each exquisite residence designed to showcase & complement the beautiful detailing of the 17th Century building combining classical character with contemporary living, including each property benefitting from two designated parking spaces, one of which includes an EV charger. This exclusive gated development, set in three and a half acres of landscaped grounds, is conveniently located between Virginia Water village and the town of Egham, both of which provide a mainline railway service to London Waterloo & Reading. Heathrow Airport is only 15 minutes' drive and the renowned Great Fosters Hotel about 300 yards away.

Directions

From our offices in Station Approach, Virginia Water turn right onto Christchurch Road and proceed to the traffic light crossroads. Turn left into Stroude Road and proceed in the direction of Egham. After approximately one mile and after passing the turning into Luddington Avenue, take the second gated driveway turning (the first is the exit driveway) into Luddington House.

Approximate Gross Internal Floor Area :
Total 63.54 sq m / 684 sq ft
